

Give for a Better Day

Angel Fund Wish List

Sometimes, little things make a big difference! For patients at Rogers Behavioral Health, your donations go a long way in providing for the basic necessities of life and easing financial burdens that may accompany the road to recovery.

Help improve the lives of our patients on a personal level.

Our patients have special requirements based on their behavioral health care needs. Extra caution must be used when purchasing gifts. Please consider the following:

1. Ages 10 years and up
2. All items must be new
3. No items containing Latex or sharp edges
4. No items or gift cards with religious themes

Monetary gifts — Cash donations are greatly appreciated and assist the Foundation in filling critical gaps and providing for much-needed, high-value items, such as travel costs (gas/airfare), food, utility bills, rent/supportive living costs, and much more.

Gift cards — Gift cards to national retailers and restaurants (Target, WalMart, gas stations, fast food, and grocery stores) are among the most requested items. Treatment teams distribute the gift cards to patients with limited income so they may purchase food and other basic necessities. They are also given to patient families to assist them during visits to Rogers' clinics and campuses.

Clothing and comfort (S-XXL) — Athletic socks and shorts, leggings, t-shirts, sweatshirts/sweatpants, seasonal apparel (hats/mittens/coats in winter), pajamas, flannel pj pants, and stuffed animals (for adolescents)

Everyday supplies — Backpacks, toothbrushes, toothpaste, hair ties and accessories, hairbrushes, and overnight (duffle) bags

rogersbhfoundation.org

Gifts of clothing, daily supplies, other basic necessities can help ease financial burdens and fulfill personal needs.

Purchase wish list items directly from Amazon:

Go to the **Gifts and Registry** area in your Amazon account.

Search for **Rogers Behavioral Health Foundation** in the Gift List category.

Click on **Angel Fund Wish List**.
