

Rogers Behavioral Health Foundation invites you to

Celebrate the Light

Friday

November 11, 2022

Discovery World
500 N. Harbor Drive
Milwaukee

"Being at war with yourself: Enlisting in the healing process."

In recognition Veterans Day, the evening's presentation will focus on **Trauma Recovery**. Trauma affects individuals, including Military Veterans and first responders, who have experienced a distressing situation in a myriad of ways. Horrific nightmares and other physical reactions increase feelings of depression and may contribute to the use of alcohol and other substances to cope. Thankfully, treatment works. Those who have experienced trauma can learn to feel safe and live fulfilling lives.

Rae Anne Ho Fung, PhD, LP, is a clinical supervisor at Rogers Behavioral Health. She is also a mother, wife, Army Veteran, and childhood trauma survivor. Dr. Ho Fung will share her story of recovery, friendships that changed her life forever, and how the Iraq War solidified her desire to help others with trauma.
